LUNCH

For **LUNCH** we suggest 3 options (also shown in the map):

- Small canteen in Institute of Solid State physics (1st floor) (Kengaraga street 8)
- LIDO “Krievu sēta” (500 m from the Institute – 6 min walk) (Kengaraga street 3)
- Vanaga Ligzda (850 m from the Institute – 11 min walk) (Maskavas street 240)

All 3 places are canteen-type and you don't have to wait for preparing your meal. In LIDO “Krievu sēta” there might be a bigger choice of food, but it is a little bit more expensive than other two. In Institute of Solid State physics there is more like homemade dishes.

If you have free time after the lunch, you can walk near Daugava river, where there is a nice and long promenade.
